The nun fox

As a wily fox that had nothing to eat
decided a nun to be.

Three roosters that have in their head no wisdom
believe her and run to take her blessings.

They get into her hut. they confess to her
and she shakes her head and gives them forgiveness.

And without any delay as she was hungry
she grabs them and the three [roosters] are now deceased.

And the fox cries and mourns them saying
this happens th those that have the roosters' wisdom!
