The dance of the peas or The Green Color

The fat pea is dancing tsifteteli*
is dancing tsifteteli in the "ball of peas"
and the little zucchinis are clapping their hands
on the grass and the lawn.

Wearing a new green bow-tie
I'm going to the ball of peas
It is the time for me, it is the time for me
to dance tango with an artichoke
with great joy for the first time.

Pigweeds and spinach are dancing syrtaki**
they're dancing syrtaki in the ball of peas
and the big okra is dancing pentozali***
on the grass and the lawn.

Wearing a new green bow-tie
I'm going to the ball of peas
It is the time for me, it is the time for me
to dance tango with an artichoke
with great joy for the first time.

* Tsifteteli: A dance of the Balkans and Anatolia in 2/4

** Syrtaki: A popular dance of Greek origin

*** Pentozali: Traditional war dance of the island Crete
