Swallow

The swallow is coming from the Black Sea
it went by the Black Sea, it sat and sang
it sang letters, royal letters
Such as the alphabet letters that the children learn by the teacher
The teacher sent us to give us five eggs
And if you don't have five eggs, we'll taken the brood hen
To give birth and brood and drag the birds.
March has come
We welcome it
The flowers have blossomed
The ground has a nice smell
And the Holy Easter
With the red eggs.
