The best pupil

A long time ago, when my mother
sent me to school o! o! o! o!
the teacher put me
on the first desk.

I was the best pupil
in the class o! o! o! o!
and I was the pride
of all my teachers.

All grades on my notebook
were excellent o! o! o! o!
and even though I took zero in my life
a woman is to blame.

In the report card my behavior
was excellent o! o! o! o!
but mingling with bad guys
I came down.
